

Global Sovereign Wealth Fund Universe

Wyoming State Loan and Investment Board

Universe Summary and Characteristics

RVK gathered publicly available data for 21 global sovereign wealth funds. The preponderance of the Universe consists of US-based funds, with an emphasis on funds that receive proceeds from commodity-related activities.

Assets Under Management

Asset levels for non-US sovereign wealth funds included in the Universe are significantly higher than for similar US sovereign wealth funds.

Data is as of June 30, 2015. Wyoming Perm. Funds includes the Permanent Mineral Trust Fund, Common School Permanent Land Fund, Permanent Land Fund, University Permanent Land Fund, Hathaway Scholarship, and Higher Education. Assets reflect permanent fund assets only and may differ from total AUM reported by the entity.

Asset Allocation – Global Sovereign Wealth Funds

The Permanent Mineral Trust Fund has a higher allocation to fixed income and cash with lower allocations to public equities and alternative assets compared to the median global sovereign wealth fund peer.

All data is as of June 30, 2015. PMTF "Other" consists of Public Purpose Investments. Universe includes all sovereign wealth funds. Universe "Other" includes beta overlay, risk parity, timber, and other alternative investments not broken out. Not all funds included also have publicly available performance data, therefore Universe asset allocation and performance data may not be compatible.

Asset Allocation – US Sovereign Wealth Funds

The Permanent Mineral Trust Fund has a higher allocation to US fixed income and cash, with lower allocations to public equities and alternatives compared to the median US sovereign wealth fund peer.

All data is as of June 30, 2015. PMTF "Other" consists of Public Purpose Investments. Universe includes US-based sovereign wealth funds only. Universe "Other" includes beta overlay, risk parity, timber, and other alternative investments not broken out. Not all funds included also have publicly available performance data, therefore Universe asset allocation and performance data may not be compatible.
