Report of the State Treasurer

RECOMMENDATIONS AND REMARKS.

This report has been prepared with a view of giving detailed information of the fiscal transactions of the past two years, also the financial condition of the State at the present time. Each cash fund has been reported separately, showing in each case the amounts received and expended, and the appropriation accounts are also shown in detail.

THE GENERAL FUND.

The condition of the General Fund from time to time is an indication to ascertain extent of the ability of the State to meet its obligations for the ordinary running expenses of government. It is from this fund that nearly all of the general appropriations are paid, and as such appropriations are made without exact knowledge at the time of what the income in that fund is to be, it has always caused more or less anxiety on the part of the fiscal officers of the State, to determine as to the ability of this fund to meet the obligations upon it. The expenditures from this fund are greatly in excess of its revenue. The demands on the General Fund have been greater in the past two years than ever before.

The expenditures from the General Fund since September 30, 1900, have been as follows, to-wit:

Two years ending September 30, 1900....	\$ 297,061.04
Two years ending September 30, 1902....	312,164.45
Two years ending September 30, 1904....	450,964.54
Two years ending September 30, 1906....	457,102.79
Two years ending September 30, 1908....	574,236.84
Two years ending September 30, 1910....	762,455.65
Two years ending September 30, 1912....	879,674.42
Two years ending September 30, 1914....	1,112,250.10
Two years ending September 30, 1916....	1,213,071.97

On September 30, 1916, if all warrants were paid, the fund would be overdrawn \$147,085.64, and this condition will continue

to exist during the coming two years, providing the next session of the legislature makes as large appropriations as its predecessor, and as stated above, the General Fund will be overdrawn as at present, or the mill levy will have to be increased to a considerable extent in order to meet the demand made upon the General Fund.

DELINQUENT STATE TAX.

The amount of delinquent state tax and accrued interest thereon to September 30, 1916, is somewhat larger than was shown in the previous report of this office. This condition is due to a great extent to the fact that the levies have been for greater amounts during the last two years. Considering the delinquency on a percentage basis, the condition is about the same as in past years. The following counties were entirely free of debt to the State on September 30, 1916: Big Horn County, Niobrara County, Sheridan County, and Hot Springs County, while the following counties were practically free of debt as shown by the statement of Delinquent State Tax included in this report: Campbell County, Fremont County, Johnson County, and Washakie County.

LAND FUNDS.

The total receipts from the Land Department during the last two years have been \$1,090,841.84, as compared with \$799,378.00 for the previous two years. These figures include only the actual amounts received from the Commissioner of Public Lands, and are exclusive of amounts received from other sources but which may be properly credited to our land income. These would include the five per cent of sales of United States lands, \$17,615.59; interest received upon investments of permanent land funds, \$83,587.89; and interest on deposits of land funds (including interest on Trust Funds received from Land Department), \$45,452.75, a grand total of \$1,237,498.07 from land sources, and of this amount there has been paid to counties for the benefit of public schools \$569,471.42, being at the rate of \$6.31 per pupil for 1915 and \$8.39 per pupil for 1916.

INVESTMENTS.

The investment of permanent funds by the State Treasurer, as provided by law, has been given special and careful attention during the last two years, and no opportunity has been allowed to pass for securing desirable bonds coming within the prescribed

limits of the law, with the result that at the present time the State has \$1,294,086.58 invested in school district, county and city bonds and State warrants of this State. The State Treasurer has purchased during the past two years, bonds of counties, school districts, municipalities, and State warrants of the State to the amount of \$315,710.00 in bonds and \$512,922.89 in State warrants. \$253,211.31 of the State warrants have been paid, leaving a balance of \$259,711.58 still invested, or a grand total for the two years of bonds and State warrants of \$575,421.58.

During the same period bonds held as such investment have matured and been paid in the sum of \$61,210.00, leaving a net gain of \$254,500.00. The average rate of interest upon the investments is 5.51 per cent.

All bonds, with but few exceptions, have been purchased in direct competition with other buyers.

I desire to call your attention at this time as to the investment of the Common School Permanent Land Fund, and would respectfully recommend that the legislature at its coming session enact a law authorizing the State Treasurer to purchase municipal bonds, with the proper restrictions, as an investment of Permanent School Funds.

THE BONDED DEBT.

During the last two years \$6,000.00 of Insane Asylum Building Bonds have been paid, and there now remains but \$105,000.00 of bonded indebtedness, as follows:

Insane Asylum Bonds issued in 1887, due \$3,000.00 on January 1 of each year, 6% ..	\$ 15,000.00
Public Building Bonds issued in 1888, due \$9,000.00 each year beginning July 1, 1919, 6%	90,000.00
Total	\$105,000.00

Three thousand dollars of this debt will be paid January 1, 1917.

These payments of the bonded debt rapidly decrease the interest charges and it is believed that no better plan can be devised in relation to the bonded debt of the State than to continue the payment of these bonds by direct tax for that purpose as they become due.

INTEREST ON DEPOSITS.

The State Treasurer has collected in interest on deposits during the last two years a total of \$63,073.84, an increase over the two years preceding of \$4,378.23, and in interest on investments of \$83,587.89, which, together with \$5,055.95 interest on State warrants, making a total of 88,643.84, an increase of \$27,918.52 over the two years preceding, making a total interest collected of \$151,717.67, and a total increase of \$31,296.74 over the preceding two years.

The present administration has increased the number of banks in which state funds are deposited from sixty-nine on January 1, 1915, to eighty-nine at the present time, and the funds are thus distributed over the entire state. Deposits with banks are secured as required by law, either by surety bonds or other collateral, such as school or county bonds.

TRUST FUNDS.

These funds are held by the State Treasurer in escrow, or awaiting the fulfillment of certain conditions, and are held as "Trust Funds" and are thus reported and accounted for. The funds are received from the Land Department. From this source the State Treasurer has received a total of \$241,967.43 and disbursed \$240,432.51, leaving a balance for the two years of \$1,534.92.

The Trust Funds have earned \$10,085.93 from interest on deposits.

The following statement shows the amount received and disbursed during the period covered by this report:

Balance October 1, 1914.....	\$150,691.36
Received.....	241,967.43
	<hr/>
Total to account for.....	\$392,658.79
Disbursed.....	\$240,432.51
	<hr/>
Balance remaining September 30, 1916..	\$152,226.28

ITEMS HELD FOR COLLECTION.

The State Treasurer holds in trust and for collection the following items:

Certified Check No. 20, Teton Irrigation Co.....	\$700.00
Time Certificates of Deposit:	
No. 1119, North Side State Bank, Rock Springs	280.00
No. 8195, Bank of Commerce, Sheridan...	960.00

WORKMEN'S COMPENSATION.

The Workmen's Compensation Law, enacted by the Thirteenth State Legislature, has been put into effect during the past two years, and on the whole has worked satisfactorily. The law went into effect April 1, 1915. This department has made a separate report of this law, giving in detail all transactions in connection therewith.

The following detailed statements show the financial transactions of the past two years, and the condition of the treasury at the present time. There is appended to the report of the Treasurer a report of the State Board of Deposits.

Respectfully submitted,
HERMAN B. GATES,
State Treasurer.
