Report of the State Treasurer

RECOMMENDATIONS AND REMARKS

The report submitted, herewith, has been prepared with a view of giving full information in detail of all fiscal transactions of the preceding two years, and the financial condition of the State at the present time. Each Cash fund is reported separately, showing the amounts received and expended in each case, and a detailed statement of the appropriation accounts is also shown.

GENERAL FUND

The condition of what is known as the General Fund of the State, from which practically all appropriations for the ordinary running expense of State Government are paid, is an indication to a certain extent of the ability of the State to meet its obligations. It has always caused more or less anxiety on the part of the fiscal officers of the State to determine as to the ability of this fund to meet the obligations made upon the same.

On September 30, 1924, had all warrants been paid, the General Fund would be overdrawn \$461,471.61. It is obvious that the condition is not one that will warrant extravagance in future appropriations, or that the mill levy will most assuredly have to be increased to a considerable extent in order to meet the demands made upon the General Fund.

THE LAND FUND

The total receipts from the Land Department during the last two years have been \$4,552,442.52, as compared with \$5,253,400.16 for the two years preceding, a difference of \$700,957.64, which, no doubt, is due to the general conditions that have prevailed not only in this State but over the entire country. The foregoing figures include only the actual amounts received from the Commissioner of Public Lands, and are exclusive of amounts received from other sources but which may properly be credited to our land income. These would include the five per cent of sales of United States lands, \$16,274.30; interest on investments of permanent land funds, \$828,442.82; interest on deposits of land funds (including interest on Trust Funds received from Land Department) \$139,762.13, and funds received from the United States as royalty on the production of oil and other minerals,

\$5,852,077.80—a grand total of \$11,388,999.57 from land sources. Of this amount, there has been disbursed to counties for the benefit of public schools \$5,036,787.58.

INVESTMENTS

During the past two years the State Treasurer has purchased, as an investment of the permanent land funds, Bonds of Counties, School Districts, Municipalities, Drainage and Irrigation Districts and bonds of the United States, to the amount of \$1,874,000.00. The total amount of bonds held September 30, 1924 is \$8,049,970.00. These figures are exclusive of State Warrants held in investment accounts in the amount of \$633,170.89. The State Treasurer has continued the practice of former years of investing permanent funds in Wyoming State Warrants whenever there has been a temporary lack of funds for payment of these warrants when presented. This plan not only saves the State the interest upon the warrants which would be paid to the individual holders of the warrants, but the credit of the State is also maintained by the prompt acceptance of all warrants drawn upon the Treasury, the interest being paid to the fund in which the warrants are held as an investment.

THE BONDED DEBT

During the past two years \$17,000.00 of Public Building Bonds have been paid, and \$850,000.00 of Wyoming State Highway Bonds have been paid, and there now remains \$2,937,000.00 of bonded indebtedness, as follows:

Public Building Bonds, issued in 1888, due \$9,000.00 each year beginning July 1, 1919—6%.....	\$ 37,000.00
State Highway Bonds, issued in 1919, due July 1, 1939, optional after ten years, 4.5%.....	\$1,100,000.00
State Highway Bonds, issued 1921, due September 1, 1941, optional after ten years, 5%.....	\$1,800,000.00
Total	\$2,937,000.00

A statement in detail is included in this report, showing the total amount of bonds issued and amounts paid to September 30, 1924.

INTEREST ON DEPOSITS AND INVESTMENTS

The State Treasurer has collected in interest on deposits during the last two years a total of \$242,235.64, an increase over the two preceding years of \$86,775.30. From interest on investments there have been collected \$842,580.66, an increase of \$188,838.42 over the two years preceding, making a grand total of interest collected of \$1,084,816.30, and a total increase of \$275,613.72 over the preceding two years.

TRUST FUNDS

These funds are held by the State Treasurer in escrow, or awaiting the fulfillment of certain conditions, and are thus reported and accounted for. The funds come almost entirely from the Commissioner of Public Lands, and represent in a large proportion funds deposited by prospective purchasers of State lands, as guarantee that they will bid the minimum price for same when title has been secured by the State, and the land is offered for sale. From this source the State Treasurer has received a total of \$223,478.27 during the past two years. The following is a statement of Trust Funds received and disbursed during the period covered by this report:

Balance October 1, 1922.....	\$ 43,169.73
Received	223,478.27
Checks—Citizens Nat. Bank ret'd.....	920.03
Total amount to account for	\$267,568.03
Disbursed	\$216,801.19
Balance September 30, 1924	\$ 50,766.84

The following detailed statements show the financial transactions of the past two years, and the condition of the Treasury at the present time.

Respectfully submitted,

J. M. SNYDER,
State Treasurer.

Each statement covers two years but of different terminations.

THE FOLLOWING STATEMENTS SHOW THE TRANSACTIONS AND BALANCES
IN EACH FUND

THE GENERAL FUND

This fund arises mainly from the State Tax levied for general purposes, and is augmented by fees of State Officers, sales of revised statutes, session laws, condemned property, etc., and by taxes upon insurance companies. Most of the general appropriations are paid from this fund.

The State Board of Deposits has also from time to time approved the bonds and securities offered by Banks for protection of State Deposits, said bonds and securities having in all cases been found to be in prescribed form, and the security being deemed sufficient in each case.

The rate of interest fixed by the Board to be paid by State Depositories upon deposits of State Funds for the two years beginning May 1, 1922 and May 1, 1924, respectively, was three per centum upon daily balances.
