RE: Contracts, Elected Officials

Pursuant to W.S. 9-2-3204(k), each elected state official shall report annually by October 31, to the Joint Appropriations Committee a list of all contracts entered into by the elected state official during the previous fiscal year for supplies or services, if the contract was not awarded by competitive sealed bidding. The report shall also include a list of all contracts entered into by the elected state official for contractual services, consulting services or special projects and services if the contract was not approved by the governor or his designee.
